

<b>Water Conservation Measures Scorecard Summary</b>		<b>Cities (122 Total)</b>
<b>Category</b>	<b>Restricted Use Measures</b>	
RU-1	Limited days per week and time allowed to water lawns	117
RU-2	Limited filling of swimming pools, ponds and fountains	112
RU-3	Limited washing of outdoor surfaces and vehicles	117
RU-4	Limit or prohibit recreational, ornamental, construction and other non-essential uses	106
RU-5	Prohibit water left running unattended	115
RU-6	Require plumbing leaks be reported and repaired	112
<b>Category</b>	<b>Residential Water Efficiency Measures</b>	
EU-R1	Toilets rated at 1.28 gallons per flush	16
EU-R2	Showers rated at 2.0 gallons per minute	13
EU-R3	Indoor faucets rated at 2.0 gallons per minute	13
EU-R4	Energy Star washing machines and Energy Star dishwashers rated at 5.8 gallons	13
<b>Category</b>	<b>Commercial Water Efficiency Measures</b>	
EU-F1	Toilets rated at 1.28 gallons per flush	12
EU-F2	Urinals rated at 0.5 gallons per flush	8
EU-F3	Faucets: - private use rated at 1.5 gallons per min., and - public use rated 0.5 gallons per min., self-closing	10
EU-F4	Energy Star dishwashers rated at 5.8 gallons	36
EU-F5	No single-pass commercial water cooling towers	55
EU-F6	Commercial best practices: - restaurants offering water only upon request, - hotel linen laundry only upon request, and - landscape vegetation with low-irrigation needs	103
<b>Category</b>	<b>Efficient Landscape Irrigation</b>	
EU-L1	Water efficient landscape irrigation systems that meet or exceed state law AB 1881	107
<b>Category</b>	<b>Efficient Commercial &amp; Industrial Processes</b>	
EU-P	Water efficient equipment for food processing, laundry, car wash, and water-cooling systems	94
<b>Category</b>	<b>Efficient Municipal Best Practices</b>	
EU-M	Municipal best practices for water reuse, recycled water, reclaimed water, and general use of non-potable water where available.	33
